A David Barton Gym and the Southeast Financial Center

David Barton Gym inked a 20,100 square-foot lease in the Southeast Financial Center.

Construction has already begun on the space, located at 200 South Biscayne Boulevard, but there is no opening date yet, according to the South Florida Business Journal.

The gym will occupy a space at the top of the building's 15-floor annex.

The upscale fitness chain once operated a location in Miami Beach that has since closed.
